Activity-friendly places help meet many local community needs

**HEALTHY ENVIRONMENTS**
- Fewer vehicle miles traveled
- Less traffic congestion
- Better infrastructure design
  **Lead to:**
  - Cleaner air
  - Less noise
  - Better ability to handle extreme weather

**HEALTHY ECONOMIES**
- Safe, accessible places
- Mix of everyday destinations
- Access to transit and trails
- Affordable housing
  **Lead to:**
  - More robust retail activity
  - More jobs
  - Increased tax revenue

**HEALTHY PEOPLE**
- Safe, convenient, appealing choices
  **Lead to:**
  - Healthier people today, tomorrow, and years from now
  - Lower health care costs in the long run

Popular approaches communities use to create activity-friendly places

**TRANSPORTATION**
- Support policies such as Complete Streets to ensure every road is safe.
- Use rail, utility, and waterfront corridors to create transportation trail networks.
- Implement Safe Routes and Vision Zero initiatives that slow neighborhood traffic and improve safety for all.

**HOUSING AND DEVELOPMENT**
- Create affordable, diverse, and accessible housing near jobs, essential services, and transit routes.
- Utilize thoughtful planning and zoning to create more compact, mixed, and accessible places for people of all abilities.
- Provide planning expertise and funding, particularly for communities without planning staff.

**COMMUNITY ENGAGEMENT**
- Require broad input to develop a community vision and comprehensive plan to guide healthier designs and community safety.
- Use pro-active, in-community approaches such as walk audits and listening sessions to gather inclusive input.
- Engage businesses and developers on healthy design policies and creative funding opportunities.
Saving an iconic bridge for a pedestrian and bike trail catalyzed Chattanooga's rebirth.

Saving the Walnut Street Bridge for pedestrians and bicyclists, along with turning a highway into a magnificent waterfront area and trail, was key to revitalizing Chattanooga, TN. Instead of focusing solely on moving vehicles through the area, the department of transportation worked collaboratively with the community to:

» Restore access to the Tennessee River
» Extend downtown beyond the urban core
» Create a defining element of the city’s bicycle and pedestrian trail network
» Economically revitalize downtown Chattanooga

THE APPROACH:

» Transportation trails
» More Complete Streets citywide

KEY BENEFITS:

» Less vehicle miles traveled
» Improved air quality
» Improved walkability

Investing in a walkable downtown brought businesses back to Sulphur Springs.

Sulphur Springs, TX’s courthouse square had turned into a downtown dominated by paved parking lots, one-way streets, and 80% vacancy in storefronts. A spirited redesign funded with tax increment financing and led by tremendous community engagement created:

» A vibrant green and public gathering space
» Two-way pedestrian-friendly streets
» More places for people to shop, dine, and socialize
» More dedicated spaces for people to move about safely

THE APPROACH:

» Inclusive community engagement and planning led to Complete Streets and Safe Routes efforts focused especially on state roads cutting through downtown.

KEY BENEFITS:

» Increased property tax and retail revenue
» Lower vacancy rates
» More small businesses and jobs
» Less vehicle miles traveled

Historic preservation and affordable housing are key to Morganton’s healthy downtown.

Morganton, NC rebuilt an accessible downtown with diverse housing types nearby. Community members worked together with local businesses to:

» Preserve the town’s character
» Re-energize business development by combining a historic theater with adjacent underutilized buildings to create a multi-screen theater on the courthouse square, rather than in an edge-of-town strip development
» Re-use former industrial buildings and creatively redevelop affordable housing options near downtown

THE APPROACH:

» Maintaining and improving housing affordability
» Creative planning and zoning to support mixed redevelopment in and near downtown

KEY BENEFITS:

» Improved housing affordability
» More small businesses preserved
» Increased retail sales
» More jobs
